WARNING: PLEASE CAREFULLY READ THE PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION - READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

Some people (about 1 in 4000) may have seizures or black outs triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.

Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions

Altered vision

Eye or muscle twitching Involuntary movements Loss of awareness Disorientation

To reduce the likelihood of a seizure when playing video games:

- 1. Sit or stand as far from the screen as possible.
- Play video games on the smallest available television screen.
- 3. Do not play if you are tired or need sleep.
- 4. Play in a well-lit room.
- 5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendonitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the
 correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

Power-Ups

Health Vials

There are health power-up icons throughout each game play level.

Search hard to reach areas and break open objects in order to find them.

The Manchurian Tea Potion gives Jackie 10 points of health. Uncle's Mystical Potion can restore 30 points of health.

Scrolls

Jackie is spanning the globe in search of eight sacred scrolls. Each scroll gives Jackie a new combat move to help keep the Dark Hand at bay. Scrolls are kept in special ornate dragon boxes. Keep a sharp lookout for these boxes because it's essential that Jackie recover the scrolls before the Dark Hand.

Kung Fu Scoring System

Each time Jackie performs a combat move, the move and a point total appears on the screen. Points will accumulate throughout the level and Jackie's skill is evaluated at the end. For instance, a low point total will earn Jackie a White Belt while an amazing score will earn Jackie a Black Belt. Players who earn a Black Belt will be rewarded with a bonus life.

Point Multipliers

One way to multiply Jackie's Kung-Fu points is to string together successful attacks. For every 10 successive moves that Jackie lands without taking a hit, a bonus multiplier is added to the score for the attack.

Characters

Jackie Chan

A specialist in ancient artifacts, Jackie consults for many museums around the world. He had lived above his uncle's antique shop in San Francisco, until recruited by Section 13 to battle the Dark Hand. Humble and dedicated, Jackie is always the first to help someone out of a jam.

Uncle

Jackie's uncle owns and operates the San Francisco antique shop where Jackie works. Uncle is a wizard in a befuddled genius kind of way. As wise as he is wise-cracking, Uncle plays an invaluable role in Jackie's search for the eight sacred scrolls.

Jackie's 11-year-old-niece, Jade, is a feisty tomboy and an amateur martial artist. She is awed by Jackie's amazing fighting abilities, and sometimes encourages him to take on more dangerous missions than he should. Jade is always eager to join Jackie on these escapades, and as a result, sometimes gets in over her head.

Captain Black

As commander of the covert law-enforcement agency Section 13, Captain Black is a good guy underneath a tough exterior. He is not a believer in the "magical" powers of the sacred scrolls, but knows that if Valmont and the Dark Hand want the scrolls, Section 13 has to get them first.

Valmont

As the dapper leader of the Dark Hand, Valmont heads one of the most dangerous crime organizations in the world.

Hak Foo

The giant Hak Foo is Valmont's main enforcer and is always one step ahead or behind Jackie in the quest to uncover the eight sacred scrolls. Hak Foo is an ultimate warrior and a difficult opponent for Jackie to face because of his size.

Chow, Ratso and Finn

The three henchmen of the Dark Hand report directly to Valmont. These goons and their minions can never seem to get things done without raising havoc, and it is usually up to the Shadowkhan to clean up their mess.

Shadowkhan

The black-clad warriors of the Dark Hand are endless in number and fierce in skill. The Shadowkhan emerge from the shadows to help Shendu in his battle for domination.

Shendu

Shendu is the true mastermind behind the Dark Hand. He is an ancient demon trapped in a centuries-old artifact. If he and the other demons from his realm are unleashed, the Dark Hand will achieve their goal of world domination.
